THE SOO IS OPENED.

Moose Jaw Is Right In It.

FIRST PASSENGER
TRAIN ON MONDAY.THE NEW TIME CARD—REVERSING THE
ORDER—OFFICIALS MEET—THE
TELEGRAPH LINE.

On Monday morning after the departure of No. 2 the first passenger train on the St. Paul, Minneapolis and Sault Ste Marie left Moose Jaw station in charge of Conductor Vance. Fully a thousand people gathered at the station to witness the event. After No. 2 had pulled out the first Soo train ran in off the siding. The new cars bearing the inscription "St. Paul Minneapolis and Sault Ste Marie Railway," were special objects of interest. A through sleeper from the Coast was transferred to the Soo train.

The sleeping cars are vestibuled and finished in mahogany and furnished with the latest of modern improvements and conveniences.

In future all the tourist travel from the coast will not pass through Winnipeg, but will go south by the new road. A coach load of Californians enroute to the World's Fair made the initial trip over the road Monday, their car having been dropped at Moose Jaw off the Atlantic express.

THE TIME CARD.

During the past year the majority of newspapers, particularly those south of the boundary, have always spoken of the Soo road as running into Regina; and even yet a number in announcing the opening of the road speak of Regina as a terminal point. For the benefit of such we publish the following:

Miles from up	STATIONS	Miles from down
Ar. 18.50	717 Moose Jaw.	De 8.55
Ar. 18.55	719.2 Pasqua Junction.	Ar. 18.55
Ar. 18.55	572.2 Estevan.	De. 18.50
Ar. 18.55	549.9 North Portal.	Ar. 18.55
Ar. 18.55	549.9 Harvey.	De. 18.50
Ar. 18.55	549.9 Enderlin.	Ar. 18.55
Ar. 18.55	549.9 Glenwood.	De. 18.50
Ar. 18.55	549.9 Minneapolis.	Ar. 18.55

STATIONS.	Miles from Moose Jaw.	Head Down
Moose Jaw.	0.0	De 8.55
Pasqua Junction.	182.8	Ar. 18.55
Estevan.	187.1	De. 18.50
North Portal.	314	Ar. 18.55
Harvey.	453	De. 18.50
Enderlin.	549.9	Ar. 18.55
Glenwood.	549.9	De. 18.50
Minneapolis.	717	Ar. 18.55

It will be noticed that the time changes at Portal.

MEETING OF OFFICIALS.

Mr. W. Whyte and Asst. Superintendent Milestone went south as far as Portal on the Soo line to meet Genl. Supt. Pennington, Asst. Supt. Bachelor and Superintendent of dining cars Holt. The American officials had dinner in Conductor J. W. Tongue's dining car "Claremont," and expressed themselves as delighted with the efficiency of the dining car service on this side of the line and particularly with the elegant meals given them by Mr. Tongue.

GREAT NORTHERN GET IN THEIR WORK.

The Great Northern is taking advantage of their indemnity land grant by gobbling up the town sites along the Minneapolis, St. Paul and Sault Ste Marie in North Dakota. The latest on the list is that of Portal, the new town on the Soo line at the boundary line. Surveyor Davis took a claim covering the town site some time ago but Jim Hill was wide awake and the first opportunity that presented itself jumped his claim and filed one of his "in lieu of lands taken in the Red River valley" on it. Davis has no resource in the matter and loses a very valuable piece of property. A North

Dakota paper says this grant of Hill's is as good, or better, than the famous Valentine script by which the majority of the townsites in the west were secured.

THE TELEGRAPH LINE.

On account of the fact that the telegraph line is not yet completed on the new road, the trains are handled by means of the wire over the Souris branch to Estevan. The telegraph gang have pushed the work through to a point about 15 miles on this side of Milestone and will reach Pasqua Junction about Friday next week.

REVERSING THE ORDER.

An interesting feature of the Soo line service is the order of the cars. Following the American plan the sleeper is placed next the engine then follow the tourist sleeper, the dining car, 1st class cars and baggage.

THE BEASEY CHILDREN.

The Beasey children, four girls of ages ranging from eight to fifteen, gave a concert on Friday evening under the auspices of the Presbyterian Church. The attendance was fair.

We must confess that when the various newspapers on the coast spoke of the rendering of such selections as De Beriot's "Scene de Ballet" by a child of eight years, and Ernst's "Carnival de Venice" by a girl of fifteen we were somewhat sceptical. Friday night's performance fully vindicated the high praise these wonderful children have received. The children are all good and it is a difficult matter to discriminate.

The girls are equally at home on the piano as with the violin. Butterfly and Mayflower's duet "Galop de Concert" was charming. Little Violetta played beautifully and won the hearts of many with "Then You'll Remember Me." Jennie, the eldest, played several exceedingly difficult compositions and one of the best was "Sherman's March to Heaven," written by herself. Her violin solo "Carnival de Venice" was admirable.

Another concert was given on Saturday night which was fully up to that on the previous evening.

PASQUA NEWS NOTES.

Rev. R. F. Cameron, of Grenfell is visiting relatives at Mr. Slemmon's. Geo. W. Wilson has erected a dwelling on his homestead and intends to be with us this winter.

The siding of the material yard has been taken up and is being placed below the junction on the north side of the main line. It is to be 2,240 feet long. The telegraph office has also been removed to the junction where it will be utilized until the new station is erected.

On Monday evening the first passenger train from the south reached the junction on time.

A section gang has been placed on the first 14 miles of the Soo extension Mr. A. E. Jinkins has been appointed foreman.

Charles Case an old friend and neighbor of Alexander Dalgetty's stepped off No. 2 on Sunday to renew acquaintances.

Robert Wilson has engaged with might Bros. for the threshing season. He takes charge of the separator while Geo. F. Wilson is employed as engineer.

The polo match between Calgary and High River on Saturday resulted in a victory for the latter club with a score of four goals to one. The match was witnessed by a great number of people.

The Calgary council act as though they had considerable kick coming to them in the matter of a recent Globe write-up of the Cheerful City. The council claim that the Globe has not fulfilled their contract.

THE TOWN COUNCIL.

Regular Meeting—Report of Health Committee—General Business.

Minutes of regular meeting of the Moose Jaw town council held in the clerk's office on Monday, Sept 25, 1893. Present: Mayor Grayson: councillors, Hannah, Fysh, Neeland and Stunt.

Minutes of the last regular meeting were read and adopted.

The following accounts were received and passed:

Walter Little	\$.93
Moose Jaw Times	4.25
E. McNeish	3.00

Communications from Wm. Whyte, Gen. Supt. C.P.R., and J.A.M. Aikens Q. C. of Winnipeg were received and ordered to be filed.

REPORT OF HEALTH COMMITTEE.

To the Mayor and council:

Your Health Committee beg to call your attention to the following: During last winter it was the prevailing custom that all manure, refuse &c. was placed on the nuisance ground if any where east of High St. bridge. To avoid this in future your committee would suggest that two more posts and notices be erected, one south and one north of the existing one, in a direct line running north and south and that the notice shall state that no rubbish, etc. shall be deposited west of the line shown by such posts or words to that effect. All of which is respectfully submitted by your committee.

Stunt—Neeland—That the report of the Health committee be received and that they be given power to have the work done.—Carried.

Hannah—Neeland—That the chairman of Board of Works be instructed to complete crossings on Main St. by having approaches put down.—Carried.

Stunt—Neeland—That the sum of \$300 be accepted from Eugene D. Carey in full of all taxes due by him to the Municipality of the town of Moose Jaw up to the end of the year 1893, upon the said Eugene D. Carey depositing a marked cheque payable to the order of H. McDougall, Treasurer, and that this Council when advised that a cheque has been deposited as aforesaid hereby undertakes to pass a By-law accepting \$300 in full settlement of all taxes due by the said Eugene D. Carey to the said Town of Moose Jaw up to the end of the year 1893 as aforesaid.—Carried.

The council then adjourned.

After the Jag.

A little maiden climbed her uncle's knees,
What makes you cranky? Tell me uncle please;
What makes you grumpy, why don't you smoke?
Why aren't you laughing, why don't you joke!I loathe tobacco—no pipe can lure,
Head like a bass-drum—mouth like a sewer,
List to my story—I ran against a snag,
I feel so dreadful, after the jag.After the jag is over,
After the break of dawn,
After the bust is ended,
After the boys are gone,
Oh how our heads are bursting!
Oh how our spirits flag!
How we profess repentance
After the jag.Corkscrews were flashing in the bright saloon,
And corks were dropping in the spittoon
I then got loaded up to the neck,
Bring me some water; I'm feeling sick.
My head is aching. My throat is dry
Sour is my stomach—blatant my eye.
I cannot stay here chewing the rag.
I feel like blazes after the jag.

The Moose Jaw Times.

"Not clinging to some ancient saw,
Not mastered by some modern term,
Not swift nor slow to change; but firm."

FRIDAY, Sept. 29, 1893.

As a rule anonymous correspondents receive no notice at the hands of newspaper editors—for a man who hasn't the courage to come out with his opinions over his own signature is beneath contempt. The construction, however, put upon a sentence in our editorial on the shooting affair at Caron, by a scribbler signing himself "A Citizen of Moose Jaw" is so funny that we ask the indulgence of our readers for referring to it.

The meaning we intended to convey was that had the incident occurred a year ago, (when Regina people were moving heaven and earth to secure the Soo road), the Regina papers would have made capital of it; but because we employed a popular phrase and instead of using the word "Regina," said "newspapers published not a thousand miles from Pense,"—this precious citizen of ours attempts to show that it is nonsense to suppose that Mr. Whyte would "change the junction of the Soo road a thousand miles from Pense." There is work for the fool-killer in this town.

THE STANDARD ORACLE.

"Is there no balm in Gilead?
Is there no Melchizedek there?"

The editor of the Regina Standard is fond of relating a new version of the death of Abraham Lincoln. "When the President fell," so runs his tale, "the assassin Booth exclaimed what some ignorantly supposed to be 'Sic Semper Tyrannis,' but one who was near at hand affirms that the words were 'When you're sick send for McInnis.' On more than one occasion some citizens of this town have been made to feel decidedly sick and the illustrious editor referred to above never refused them the privilege of washing their dirty linen in the columns of his paper.

In the last issue of the Standard space is allowed "A Citizen of Moose Jaw" to air his opinions on the recent shooting incident at Caron; and not content with permitting such an effusion of consummate rot, childish pique and bad English to appear in his columns, "Sic Semper" must needs take his own pen in hand. Knowing no thing whatever of the circumstances he presumes to criticize the action of our town council in passing a certain resolution on the above; and moreover he proceeds to take the editor of this paper to task for expressing his opinion on the same matter.

If the editor of the Standard will confine himself to his legitimate field, he will find ample scope for his peculiar genius, without hunting trouble abroad. The members of the town council are quite capable of discharging their duties without suggestions from him; and as far as his strictures upon "the local editor" are concerned, the few of our citizens who have seen his article have only to consider the source from which it emanates.

WILL CLOSE OCTOBER 31.

THE WORLD'S FAIR WILL NOT BE EXTENDED UNTIL NEXT YEAR.

CHICAGO, Sept. 21.—The executive committee of the World's Fair directory have met and decided to promptly

close the fair on Oct. 31. This practically settles all talk of extension. Another 20 per cent. was ordered paid on the bonded indebtedness making a total of 70 per cent. of the \$1,450,000 now ordered to be paid. The committee estimates that it will have \$500,000 surplus on Nov. 1, after payment of the bonded and floating debt. This will be applied on the \$11,000,000 stock and bonds of the city of Chicago.

SALMAGUNDI.

To point a moral and adorn a tale!
—JOHN RUSKIN

Too frequently the boy is regarded as a dangerous, unaccountable being, who must be promptly suppressed whenever he shows signs of individuality. His guardians forget that his true character cannot appear when he is hampered by rules and tutored by complaints. It is when he is free and absorbed, and has forgotten you, or is not afraid of you, that the boy lets his true qualities appear. It is only the men who can accept boys as they find them, and can treat them as equals, who catch them off their guard; for your boy is a suspicious creature; easily warned. Like dogs, he has a great horror of being laughed at. He hates a command, but welcomes a suggestion. When off parade "Don't you think?" always carries him farther than "Do this," unless he has been incapacitated by the manner of his treatment. Either cuffing or coddling disturbs one's calculations, for either is sure to warp the nature, especially the latter. One might just as well expect to appreciate a wild animal adequately only after seeing it caged as to understand boys from the behavior of one of the species who has been pampered and made soft and puling. It is such a pity to spoil a boy in this fashion. His companions ridicule him, for to be strong and hard and plucky are the cardinal virtues in the eyes of the boyish multitude, who look on mere cleverness with a sort of tolerant pity. Their contempt for weakness compares only with the similar feeling in the savage; and it accounts partly for the cruelty which seems natural to some boys. And, after all, the idea of strength and courage takes the first place with mankind, old as well as young. When protected by blind overfond mothers from the rough experiences which befall those of their age and sex, boys lose the courage which should be their strength. It is useless to tell parents who are spoiling their sons in this fashion that they are sowing the seeds of sin, failure and sorrow. They are deaf to remonstrances; they do not see the process going on or the inevitable consequence. Yet among respectable, well-to-do, educated people, more than one-half of the failures that darken the family horizon, and bring the chill and fear and foreboding upon fathers and mothers in their advancing years, come directly from the coddling and spoiling that would not allow the boy to grow up into a man. Pertness conceit, ill-manners look like cleverness to the too-fond deluded parents; cowardice is put down to sensitiveness; every boyish weakness is re-named as a virtue. In that case, who can blame the lad if he does not hold his own against youths who have had a harder training by truth-telling parents, and succumb to his first real temptation?

Some people have an amiable weakness for letting the general public know what very great personages they are, says the Victoria correspondent of the Vancouver World, and every time there is a wedding, birth or death in the family, the announcement is sure to contain some interesting information about the genealogical tree. My friend J. Mountjoy-Smith is slightly affected that way. I was calling at his place out on the Esquimalt road the other evening and found that there was a little Mountjoy-Smith who had just been ushered into the world. Mountjoy-Smith, pere, was drawing out the birth notice for the Colonist, and this is how it ran: "Birth, Mountjoy-Smith, At Crumbligh Hall, Esquimalt Road, on the 10th inst, the wife of Joachim Mountjoy-Smith, third son of Sir Wheatstone Crumbligh, Chalmersley Mountjoy-Smith, Bart., of Harlingby Manor, Crashingdeancum-sottly, West Berkshire, England, late Lieut. Colonel of Her Majesty's 190th Royal Berkshire Boars, and military attache of the English legation at Donnerwetterburg Germany, of a son."

"Are you going to publish that, Mountjoy-Smith?" I asked, after reading the notice carefully. "Of course I am," replied Mountjoy-Smith, with some hauteur. "Why the dayvil shouldn't I, eh? We've got to let the blawdy cads in this outlandish kentry know who we are you know." "Then in that case," said I, adjusting my fez, "I shall just drop down to the newspaper office and get them to save me 600 copies to send to my friends."

The two great benefits derived from an education are: First, the intrinsic value of knowledge; second, the discipline and training that the mind and character receive. At no period of time in the world's history, has the value of an education been so clearly recognized or such universal deference paid to intellectual abilities as to-day; and in no country have the facilities for obtaining an education been on so broad and liberal a scale as this. Any one of energy and intellect can obtain one without paying for it. The universities, colleges and schools are both free and popular, always ready to assist the poor but worthy student. The older and more civilized the state becomes, the greater the attention paid to educational matters. Several of the states have passed laws for the compulsory education, which have been found to work to good advantage. The principle has been established that society has the right to compel its growing generation to obtain a minimum of knowledge, even if parents are too ignorant or indifferent to know the value of an education.

CARMEL CHIRPINGS.

WHERE IS THE CHIRPER?—THRASHING NOTES—OFF TO ONTARIO—SOCIAL GOSPEL.

How about our chirper? Is it true he has sent in his resignation or has he got offended or down hearted owing to the crops not being as good as they have been in the past? But it is the future we are to look to not the past. There was an excuse for him while he was north harvesting but we have seen his genial smile of late around the shack called "Knowledge Home." We hope we may hear from him once more and that he will not abandon the good work.

Harvesting is completed and threshing is in full blast.

R. Moore has started out with his threshing outfit.

Quite a number of the Carmelites are talking of going east this fall to visit their old homes.

Mrs. D. Gaudin, who has been visiting her brother Mrs. W. Powell has been ailing for some time but is recovering nicely.

Miss Susie Glover has quite recovered from her recent illness.

Some Carmel sports went recently a-gunning by moonlight. They travelled twenty-five miles when the distance was only ten. J. S. called a halt, he thought he must be nearly on the other side of sundown.

Con.

They Don't Know What's Wrong.

BRAMPTON, Aug. 21.—A good many people in these days are evidently ignorant of what ails them. They use remedies for dropsy, rheumatism, sciatica or some such disease, and after a time find out that disordered kidneys caused all the trouble. Here are some instances. James Crisp, a telegraph operator of this place, suffered from dyspepsia for a long time and could not find a remedy that would relieve him until he found Dodd's kidney pills. They cured him as the primary cause of his dyspepsia lay undoubtedly in his kidneys.

A well-known lady wrote to the Toronto papers a short time ago stating that she had been cured of a womb disorder by means of Dodd's kidney pills. She did not think, until she was cured, that disordered kidneys were the seat of the trouble. Valentine Fisher, of Colingwood was cured of sciatica of thirteen years standing, by the same remedy. He too found out at a late day that his kidneys all along had been the cause of his sufferings. These are only some of many like experiences that are daily met with.

This monument upon the primal page,
Tells of the battles that the Claim did wage,
To save the Town of Kaslo from the tomb.
But all its loyal efforts are in vain,
Its proud name is fading in the dust,
By the financial flurry it was caught,
And like the Town of Kaslo, it is lost.

streak having entirely disappeared we are forced to prospect somewhere else. To the few staunch friends who have helped us with their money and sympathy we extend our sincere thanks. To our enemies this article will be pleasant reading. Our suspension will enable them to bamboozle the public without any fear of being molested, and consequently they will be happy.

Four months ago this paper had the brightest prospects of any paper in Canada. To-day everything is changed. Such is life in the wild and silvery West. One day, prospective millionaire—the next, nothing to live on but wind and one of Burke's checks.

In lieu of craps we have hung the printing office towel on the door-knob. Turn off the gas, ring down the curtain and exclaim:—

“THE PLAY IS OVER,
THE
FLAG
IS
HAULED
DOWN.
THE KASLO CLAIM
IS
DEAD,
EXTREMELY
DEAD,
—From the Kaslo, B.C., Claim Aug. 25.

GENERAL NEWS OF THE DAY.

Thanksgiving day has been fixed for November 23rd.

In New Orleans there has been considerable fighting between the whites and negroes. There has been a great deal of bloodshed.

This is how a Yankee paper welcomes some foreign princes to Chicago: “Highness all, we salute you! All that we have is yours, and if you want anything you don't see, please push the button.”

The following new post offices were opened on Sept. 1st: Brookside, Assa., Collis, Alta., and Rosthern, Sask.

The Empress of Austria has to give a written receipt for the state jewels every time she wears them, and Her Majesty, as a result contents herself with her private collection, which is worth \$1,500,000.

The lock gates on the Canadian canal at Sault Ste Marie will cost \$100,000. The C.P.R. round house at Smith Falls has been burned down. Loss \$50,000.

It is not often that the engineering world is called upon to witness the completion of a work nearly 2,500 years after it was first projected; but such is the case with the canal through the Isthmus of Corinth. Projected 600 years before Christ, agitated again 300

years later, actually begun by the Emperor Nero, it is completed in 1893. Oids, with a population of 100, is talking of incorporation.

The Things
We Prize Most

are not the gewgaws and gimcracks we gather about us. Every life, of course, has its sacred time-honored treasures, but in this practical work-a-day world man is prone to value most those things which serve him best. Not much sentiment in this, perhaps, but some sense all the same.

The
McCormick
Machine of Steel

takes first rank the world over. Hundreds of thousands of grain growers call it the best harvester and binder that ever went into a grain field, and they prize it accordingly. It isn't sentiment with them—it's just plain, old-fashioned common sense. They like it best because it serves them best.

It costs more money than some harvesters, but that's because it's more valuable. Its advantages more than offset the added cost. The “Machine of Steel” is built to harvest the grain crop of the world, and to do it better than any other machine. Perhaps you may care to know more about this harvester. Our catalogue will interest you.

THE GREAT SOUTH AMERICAN
NERVINE TONIC

AND
STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Deranged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and this accounts for its marvelous power to cure the varied forms of nervous disease, such as, Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SURE CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for several months with Chorea or St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk; I had to handle her in a can. Dr. Brown and Dr. Gibson, gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was out of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone. Mrs. W. T. LINDSAY, Manitoway County, Wis.

Subscribed and sworn to before me this May 19, 1897.

CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR
INDIGESTION AND DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Bile-rough, Water-Breath, Heartburn, Vertigo and Dizziness, Sleeplessness, Nightmares, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of Indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay, for Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nerve

is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUAX, SAYS.

It will cure you.
July 16th, 1897.

I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try the SOUTH AMERICAN NERVINE. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow sufferers from the disease, to give the SOUTH AMERICAN NERVINE an immediate trial.

Wallerston, Ontario.

In Bed Six Years

Price, One Dollar

HARTFORD CITY, Blackford Co., Indiana, June 8, '93.

South American Medicine Company.

GENTLEMEN: I received a letter from you May 27,

stating that you had heard of my wonderful recovery

from a spell of sickness of six years duration, through

the use of SOUTH AMERICAN NERVINE, and asking

for my testimonial. I will gladly state how I was afflicted

and how I was delivered from my pain and suffering.

I was near thirty-five years old, when I took down

with nervous prostration. Our family physician treated

me, but without benefiting me in the least. My nervous

system seemed to be entirely shattered, and I constantly

had very severe shaking spells. In addition to this I

would have vomiting spells, and there would be from eighteen to twenty days at a time

that I could not retain anything on my stomach. Many consultations were held by

physicians over my case, but they all agreed that I would never leave my bed. During

the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from

Columbus, Ohio, to come and examine me. They all said I could not live. I got to having

spells like spasms, and would lie cold and stiff for a time after each. At last I lost the

use of my body—could not rise from my bed or walk a step, and had to be lifted like a

child; all the time suffering intense pain, and talking almost every known medicine. Part

of the time I could read a little, and one day saw an advertisement of your medicine, and

concluded to try one bottle. By the time I had taken one and one-half bottles I could rise

up and take a step or two by being helped, and after I had taken five bottles in all I

felt real well. The shaking went away gradually, and I could eat and sleep good, and

my friends could scarcely believe it was I. I am sure this medicine is the best in the world.

It was a god-send to me, and I believe it saved my life. I give my name and address,

so that if anyone doubts my statement they can write me, or our postmaster or any citizen,

as all are acquainted with my case. I am now forty-one years of age, and expect to live as

long as the Lord has use for me and do all the good I can in helping the suffering.

Will a remedy which can effect such a marvelous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

PETERBORO, Ontario, June 27, 1893.

DEAR SIR,—I have much pleasure in recommending the great

SOUTH AMERICAN NERVINE to all who are afflicted as I have been,

with nervous prostration and indigestion. I found very great relief

from the very first bottle, which was strongly recommended to me by

my doctor. I also induced my wife to use it, who, I must say, was

completely run down and was suffering very much from general

debility. She found great relief from SOUTH AMERICAN NERVINE,

(My Signature) Rev W. S. Barker

Sick Headache.

Is dependent on deranged nerve centres and indigestion. Hence its cure must come through building up the Nervous System and curing the Stomach. SOUTH AMERICAN NERVINE will absolutely cure this dreaded malady and prevent its return.

The Ladies Aid of the Presbyterian Church will hold a parlor social at Mrs. Moore's on Friday evening, Sept. 29th. An interesting programme will be prepared. All are cordially invited.

Mr. J. W. McIntosh has returned from Ontario and will spend about two months at home. Mr. McIntosh states that Moose Jaw is rapidly coming into prominence in the east and that large numbers will come to this district next spring.

Edward Holmes writing to the Victoria Colonist, says: "I see a paragraph in Tuesday's issue of your paper in which it is stated that I have acknowledged to have ridden in freight trains. This is a mistake as the only lifts that I took during my journey across the continent were on hand cars.

J. B. Frazer, a gentleman well known in newspaper circles, died suddenly on Tuesday morning in Elkhorn, where he had gone to attend the wedding of his niece. The news has caused a great shock among his many friends although it was well known that he has been suffering for the last year with epileptic fits.

The directors of the Moose Jaw Agricultural Society are making great preparations for their fall show which takes place on Wednesday, Oct. 4th. The Town Hall will be used for the show building and live stock will be exhibited on the common east of the skating rink. The secretary states that a large collection of ladies work will be exhibited.

The following cases have been set down for hearing at the sittings of a Supreme Court commencing on October 10th: Fysh vs. Massey Harris Co., Annabell vs. Fysh, the Queen vs. McCarter Green vs. Saunders' appeal, Cordell vs. Waterfield and McBride appeal from magistrates' decision in prairie fire case.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Bole.

A dastardly attempt to wreck a train was discovered last Saturday morning. Shortly after midnight Engineer Gallagher was coming in from the east and was moving slowly as he had to place some cars on the gravel pit siding. Two ties had been placed on the track and had it not been that the train was not moving fast and that frost on the rails caused the ties to slide, a serious accident would have been the result. If the scump can be found who is guilty of such a crime he will be properly dealt with.

On Tuesday evening next at the regular council meeting of the Royal Temperance of Temperance people to support only known temperance candidates in all electoral contests. The affirmative of the proposition, will be advocated by the Rev. Mr. Stacey, the negative, will be supported by W. J. Nelson. The discussion will then become general.

The watch of the late Lewis Abbey was found on Wednesday near the scene of the drowning and has been returned to Mrs. Abbey.

A prominent commercial traveller stated yesterday that from the commercial travellers' stand, point Moose Jaw was the most enterprising town in the northwest—har none.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents Sold by W. W. Bole, Druggist.

A number of Moose Jaw sports, including His Worship the Mayor, took a jaunt of some five miles into the country on Tuesday. They had been informed by a farmer that he saw a large wolf in a herd of cattle near the town. The party collected a number of hounds and proceeded to the spot prepared to make it hot for Lupus. When they arrived near the place where the herd was stationed, the hounds took after an animal which they supposed was His Wolfship. When the party got closer they found that the hounds were in hot pursuit of a large bull-calf which was bawling piteously. Presently the herd became aroused and pawing the earth in their anger they made for the now thoroughly frightened party. A brief but exciting chase ensued in which the record for fast sprinting was broken. The party arrived breathless in town and when seen by a Times representative were none the worse for their novel adventure.

KIRKPATRICK & COOKSON
(Established 1860.)
MONTREAL.
COMMISSION MERCHANTS.

Advances made on consignments of WHEAT, OATS, BARLEY, ETC., for sale in Montreal or in the various British Markets.

Northwest Mounted Police.

SEALED TENDERS under separate covers, endorsed respectively "Tenders for Oats" or "Tenders for Potatoes," will be received by the undersigned up to noon of Monday, October 2nd, 1893, for the supply and delivery of 12,000 bushels of oats, in bulk, and 600 bushels of potatoes at the N. W. M. Police Barracks, Regina.

Provised always, that the above quantities may be increased or decreased by the undersigned, and no tender need necessarily be accepted.
The oats to be clean, well filled, free from wheat or foreign seeds, and delivery to be made as follows:
2500 bushels on or before October 25, '93.
2500 bushels on or before Nov. 30, '93.
And the balance of the contract in carload lots on call up to the 30th day of June, 1894.
The potatoes to be clean, dry, and of a good marketable size and quality, delivery to be made not later than the 25th October, 1893.
An accepted cheque or money for 5 per cent. of the amount of each tender must accompany them, which will be forfeited should the party decline to enter into a contract when called upon or fail to satisfactorily complete an agreement if entered into.
Of the bulk quantities, tenders will be considered for not less than 500 bushels of oats or 100 bushels of potatoes.
For further information apply to the Acting Quartermaster at the Barracks, Regina.
(Signed) L. W. HERCHMER,
Headquarters, Regina, Commissioner.
Sept. 12, 1893.

NOTICE.

NOTICE

THE following is a summary of the Regulations with respect to the manner of recording claims for Mineral Lands other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent thereof \$25 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,
Deputy of the Minister of the Interior.
Department of the Interior,
Ottawa, July 1890.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territory, except 8 and 26, which have been homesteaded, reserved for the purpose of being sold for settlement, or other purposes, may be homesteaded by any person who is sole head of a family, or made over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary or standard entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land—

1. Three years' cultivation and residence during which period the settler may be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year, 10 acres to be in crop the second year and 25 acres the third year.

3. The five year's system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof) breaking five acres the first year, cropping those 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must secure actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler, a certificate of payment is made before a home, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation counter-signed by the Commissioner of Dominion Lands, upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1890.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of the Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS,
Dep. Min. of the Interior.
